Dear Parents / Carers,

Welcome back after our holiday. I hope everyone enjoyed the rest and are now looking forward to the exciting half term ahead.

The second half of the autumn term is always full of events and activities especially as we move towards Christmas and this year is no exception. I have included the important dates for this half term on the next page of this newsletter and they are also entered into our calendar on the school website.

The start of the year was very successful and all of the children (and staff!) settled well into their new classes. We hope this continues as we develop and improve the ways in which we can support our children's learning both at home and at school.

During the Parents Consultation Evenings next week there will be information available about methods of calculation and instant recall facts in mathematics.
